

The Guam Community Coral Reef Monitoring Program  
& National Park Service Present...

# SCIENCE SUNDAY

**Sunday, October 5, 2014**

**2:00 PM**

**T. Stell Newman Visitor Center**

***Come and Meet Carlie Wiener!***

Visiting scientist Carlie Wiener with the Schmidt Ocean Institute will “take you aboard” Research Vessel *Falkor* to explore cutting-edge science used around the Pacific Region, such as the Hawaiian Islands and Australia. This fall *R/V Falkor* will be traveling through the Marianas to conduct research in the Marianas Trench starting next month. Learn about the Schmidt Ocean Institute’s recent accomplishments as well as the latest technology used on the vessel to study and understand more about the world’s vast ocean.

*Learn more about R/V Falkor’s upcoming cruise in the Marianas at [www.schmidtocean.org](http://www.schmidtocean.org).*
